Areas of Expertise:

Please list the subject matter areas on which you are interested in speaking:

Enterprise GIS

Service-oriented architecture

Please provide some background information on your professional experience and expertise, including education and professional affiliations:

Todd A. Smith works on AGI's Business Development team with a focus on new markets. In this role, Todd develops strategy to integrate and apply AGI technology into new market areas and industries such as GIS, C2, and modeling and simulation. He also positions AGI technology with enterprise and service oriented architectures. Todd supports the U.S. intelligence and military communities as an on-site engineer and develops requirements, performs analysis, and implements solutions via AGI software technology. Before joining Business Development, Todd was AGI's product manager for Enterprise integration.

Prior to joining AGI in 2006, Todd served as a technical project manager of military solutions at GeoDecisions and a geospatial analyst at MapQuest. He holds a B.S. in geography and a GIS from Penn State University.
